

Pepperoni Cheese Bread

"PCB" 10-piece

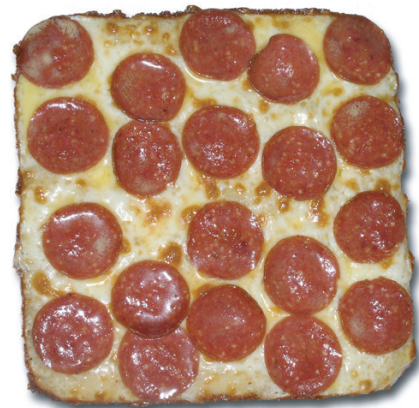

- 6 Check for quality (light golden brown crust and cheese specks) after bake and remove pizza using pan grippers and spatula.

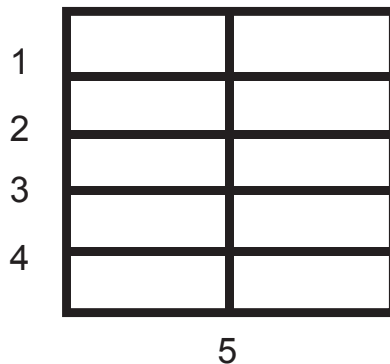

- 7 Using pastry brush, apply heavy coat of Crazy Bread Spread across entire surface of PCB.

- 8 Remove Pepperoni Cheese Bread from pan and place into 10-inch pizza box with liner or onto cutting board.

- 9 Cut PCB 5 times for 10 pieces (same as ICB).

- 10 Sprinkle a heavy coat of Parmesan on top of the cheese and pepperoni.

- 11 Close box and mark with "PCB" and expiration time (30 minutes). Place onto heat retention or in Cres Cor for 30 minutes maximum.
